Expert safety advice from Ocean Safety at SIBS

Ocean Safety, specialist in the worldwide supply, distribution, service and hire of marine safety equipment, will be offering expert safety advice and showcasing its extensive range of innovative lifesaving products at the Southampton International Boat Show, 16-25 September 2022.

Leading the way in marine safety, Ocean Safety will feature a broad selection of vital safety equipment on its stand, giving visitors to the show an opportunity to understand the options available to them to protect themselves and their crew while out on the water.

Man Overboard

Designed to make reaching, and subsequent removal of a casualty from the water easier, Ocean Safety's extensive range of Man Overboard (MOB) retrieval equipment will be on display, including the Ocean Safety Throw Line, Throwing Strop, Rescue Sling and MOB Ladder.

In addition, and with the purpose of drawing attention to someone in the water, will be the Jon Buoy MOB range, featuring the Jon Buoy Recovery Module, Dan Buoy and Inflatable Horseshoe.

Lifejackets

Whether cruising or racing, inshore or offshore, a lifejacket is a safety equipment necessity. Ocean Safety will have a selection of popular and premium lifejacket models on the stand with the most up to date design features to maximise fit and comfort, including its eponymous Sport range.

Liferafts

Inflated and ready to view, the Ocean ISO and Ocean Regatta liferafts and their different container options will take centre stage. Specifically developed for the leisure market, the award-winning Ocean ISO 9650 Liferaft meets the requirements under current MCA Codes of Practice, Class XII and World Sailing offshore special regulations.

Where space saving is important, the Ocean Regatta Liferaft offers a compact raft while still meeting ISO 9650 – Part 1 regulations.

Completing this year's line-up is the Para Anchor – designed to hold the bow of a vessel head to wind in the worst storm conditions.

Ocean Safety will also be showcasing their latest supplier products, including Aquaspec, Ocean Signal, Hammar and Hansson Pyrotechnics.

Ocean Safety will be on stand E022. As well as giving product advice Ocean Safety's team of marine safety experts will be on hand to provide advice on servicing schedules, winterisation and coding.
