## **METSTRADE: Where the World's Leading Epoxy Experts Come to Share Their Knowledge**

Wessex Resins & Adhesives will be attending METSTRADE this year to share their wealth of expertise and knowledge in the marine industry, specialising in epoxy systems and applications.

WEST SYSTEM® epoxy is the industry-leading marine grade epoxy, trusted by professionals and boat owners for its superior performance, ease of use, and unparalleled technical support. Available at competitive rates through our global distributors and local Chandlery stores, WEST SYSTEM products are just a doorstep away.

PRO-SET® epoxy is the trusted choice for building high-performance, lightweight composite marine structures, including hulls, decks, and superstructures. Wessex Resins & Adhesives' experience and knowledge of marine epoxies has enabled the manufacture of formulated products that will meet the most demanding performance criteria.

David Johnson, Sales Director, Wessex Resins & Adhesives says, "Within the PRO-SET epoxy inventory is a suite of superior adhesives, that create swift and dependable bonds essential for any type of composite construction and assembly requirement."

Wessex Resins & Adhesives has a unique heritage of knowledge and experience, and we are committed to sharing that with our customers to help them solve their epoxy challenges.

Please visit our stand 12.805 where you will find the expertise and resources to help you accomplish the construction of a new build project or production solution including a fantastic array of digital and printed materials.

**Ends**

### **Notes to editors**

- WEST SYSTEM epoxy was created by Gougeon Brothers Inc. in 1969 and since then the resin and hardener formulations have been continually tested and improved to produce the most reliable and well-balanced epoxy systems available. Wessex Resins manufactures WEST SYSTEM products in Romsey, UK under license from Gougeon Brothers.
- Furthermore, the company is well known for its willingness to share knowledge. Whether projects are large or small, WEST SYSTEM technical publications and videos provide detailed procedures and instructions for specific repair and construction applications. Click to view [here](#)
