Typhoon International returns to RYA Dinghy & Watersports Show 2024

Following their debut last year, Typhoon International will be returning once more to showcase their extensive range of personal protection gear to dinghy sailors and watersports enthusiasts at the RYA Dinghy & Watersports Show, which takes place on 24th and 25th February 2024.

“We’re delighted to be returning to the RYA Dinghy and Watersports Show to exhibit our exciting range of dinghy products,” says Amy Grealish, Marketing Manager at Typhoon.

Representing over seven decades of manufacturing experience in technical marine clothing and design, Typhoon will be showcasing and retailing its comprehensive range of high performance, specialist dinghy clothing and apparel, including its drysuit collection and popular Caliso wetsuit range.

Surface Drysuits

Using advanced breathable materials, Typhoon’s current extensive range of drysuits are some of the most comfortable yet toughest available, with a Typhoon drysuit for every type of watersports activity including sailing, surfing, kayaking and SUP.

Guaranteed to offer high-performance, hard-wearing suits with superior fit and freedom of movement, Typhoon’s surface drysuits are suitable for all conditions, whether you are looking for heavy duty storm protection or a lightweight feel for more clement conditions.

Caliso Range

Available in a variety of styles and sizes, from youth to adult, the Caliso range is manufactured from the latest in eco-friendly and sustainable recycled materials, including limestone neoprene and eco carbon black, offering the feel-good factor as well as enhanced thermal protection.

“The show offers a great opportunity to connect with the sailing and watersports community, and our innovative range using the very latest in fabric technology and features demonstrates our extensive experience and thorough understanding of the needs of watersports enthusiasts.”

Typhoon’s extensive range will be available to view and purchase throughout the show at the Farnborough International Exhibition & Conference Centre on stand Q23, and Typhoon’s dedicated team will also be on hand to offer expert product advice.
